

## Bottle Tag

The Bottle Tag provides maximum anti-theft protection for wine and other drink bottles. The adjustable lanyard matches any bottleneck sizes. Its design provides a strong visual deterrent without interfering with merchandising or brand promotion. This bottle tag matches all Sciendy's EAS pedestal system if protected product passes through the detection zone.

### Retailer Values

//The impact to merchandise on display is being minimized due to the small aesthetic design.

//Improving sales by promoting open merchandising

// Reducing the loss of goods and saving labor costs associated with in-store tagging, allowing store associates to offer premium service.

//Easy application and removal to help improve store operations
